BEAUTY						
PRODUCT	PERRICONE MD HIGH POTENCY EYE LIFE: \$95.	DAILY DEFENSE ANTI-OXIDANT TINTED MOISTURIZER S.P.F. 30: \$29.00.	DR. SEBAGH SUPREME MAINTENANCE YOUTH SERUM: \$400.	MURAD AGE-DIFFUSING SERUM: \$75.	BIOLOGIQUE RECHERCHE HAND RENEWING SYSTEM: \$79 (cream), \$90 (scrub).	ZELENS SKIN SCIENCE RADICAL DEFENSE SERUM: \$210.
PROTECTION and DEFENSE	Protects and reverses damage in the delicate skin around the eyes, one of the first places to show aging, sun damage, and stress.	Protects against constant exposure to pollution and sun, which can result in dry, damaged, and prematurely aged skin.	An all-in-one serum designed to protect, hydrate, replenish, and re-texturize the face, neck, and décolletage.	Comprehensive, moisture-rich care line for hormonally aging facial skin.	A two-step hand-care system consisting of a chemical and mechanical scrub and a rich emulsion cream, designed to address the signs of aging hands.	Protection against all three types of free radicals known to induce skin damage: R.O.S. (reactive oxygen species), R.N.S. (reactive nitrogen species), and R.C.S. (reactive carbonyl species).
POTENT INGREDIENTS	A proprietary blend of DMAE, which firms and lifts, phospholipids (patented), which naturally hydrate and help repair skin; Pycnogenol, which addresses loss of elasticity and helps brighten skin's appearance.	UVA/UVB blockers shield skin from the sun; NQGA, a free radical fighting super antioxidant compound which reduces cell damage; and MMP-20 skin regenerating technology.	Resveratrol, the "youth molecule"; vitamin C; ascorbic acid; hyaluronic acid; and Saligel for re-firming and re-texturizing.	AMAs and Palmitoyl Tetrapeptide-3 address medium to deep wrinkles, dry, wild, and cloyer; flower extracts boost firmness; and glycosaminoglycans inhibit collagen breakdown.	Japba wax and lemon PSO for exfoliation; citrus skin and care leaves, which help lighten pigmentation; hyaluronic acid to plump wrinkles; a touch of menthol; and natural oils to protect against the sun.	Natural antioxidants, including Japanese herbs from traditional Kampo medicine; CO ₂ extraction, which protects the potency of antioxidants; Zelens liposome delivery system, which enhances absorption.
OPTIMUM RESULTS	Anti-aging, hydrating, and reduction of dark circles.	Protects and visibly repairs skin while providing sheer, radical coverage.	Vital nourishing and protection against the effects of aging.	A youthful and dewy glow.	Smother, younger-looking hands.	Exceptional free-radical protection for skin's overall health and beauty.
