marc\_nouss Do you know this building?  
Here's the @Biologique\_Recherche  
Embassy! 🤩 Last week I've been there for  
the first time, and received the best skincare  
ever! Specially after many travels. I needed  
them! So if you stop by Paris, take an hour or  
two, and go there, trust me you'll not regret  
it! 😊 📷 (and maybe you'll see some  
famous French actress or actor inside, as  
they all going there! 😊)
