Parklane, a Luxury Collection Resort & Spa in Limassol, unveils its luxurious Kalloni Spa ahead of its summer 2018 opening. With a unique combination of spa and wellness concepts, Parklane will be partnering with exclusive brands such as Voya, Biologique Recherche, Carol Joy London, Symmetria and Gentlemen's Tonic to become the premier destination for relaxation and rejuvenation in Cyprus.

Inspired by the healing powers of the ocean and stretching over 3,000 square metres, Parklane's Kalloni Spa will offer 14 treatment rooms, two of which will be alfresco with calming views over the Mediterranean Sea. Two outdoor and two indoor seawater pools are available for all guests to enjoy, with Thalassotherapy forming the basis of the spa's treatments, drawing from the beneficial properties of the sea and marine environment for overall health and wellbeing.

The spa includes three private suites offering guests the chance to enjoy complete relaxation in secluded luxury. Two of the suites will contain one of the most effective and authentic wellness experiences, Russian Banya, consisting of a sauna and ice-cold plunge pool. The exclusive Kalloni Suite, will provide guests with two treatment beds to allow couples to be pampered side-by-side, a private plunge pool overlooking the sea and bespoke spa programmes.

Symmetria treatments will be offered, giving guests the opportunity to take advantage of top-tier services and non-invasive and minimally invasive treatments for the face and body including the revolutionary Symmetria non-surgical facelift. Parklane has also partnered with Biologique Recherche, which has a reputation for astounding effectiveness based on a clinical approach to beauty care using intentionally pure, concentrated, raw ingredients, focusing on treatments such as the Biologique Bespoke Facial and Auto-Heating Algae Slimming and Detox treatment.

Parklane's Kalloni Spa will be home to VOYA, a truly niche brand that is focused on creating genuinely organic, seaweed-based products and spa treatments. It offers luxury results-driven products based on the highest quality botanical ingredients and aromatherapy oils, combining the purest ingredients with ancient traditions and sustainable processes to create a range of products and treatments that achieve exceptional results.

The five-star spa will include a Carol Joy hair salon. The iconic brand has a flagship salon at the Dorchester in London and a sister salon at the Fairmont Monte Carlo. The Parklane location will offer spectacular floor-to-ceiling views over the Mediterranean. Carol Joy has approached wellness by creating an all-round beauty solution where hair treatments are inspired by spa techniques and body treatments inspired by facials.

Specifically tailored spa treatments for men are available at Parklane's Kalloni Spa, including a gentlemen's barbershop which will be host to products by Gentlemen's Tonic—an award-winning luxury spa, grooming and hair concept. Gentlemen's Tonic endeavours to provide the perfect antidote to the stresses and strains of modern life, creating treatments and products that revive, invigorate and promote wellbeing.

Paris Kounoudis, Director of Lifestyle at Parklane comments: "Extensive research and significant investment has gone into creating the Kalloni Spa concept at Parklane and we are delighted to finally be able to unveil its diverse and exciting offering. The pure depth and breadth of capabilities and products on offer, including revolutionary and cutting-edge brands, has created a heavyweight offering that I am confident will attract spa enthusiasts from all around the world."
