As one of the most famous make-up artists in the world, this is what Pat McGrath uses when there's no one else around.

She's perhaps the most famous make-up artist in the world, known for creating some of the most iconic beauty looks (think, Swarovski-encrusted lips at Dior spring/summer '13 and feathered brows at Alexander McQueen in 2014), but what does **Pat McGrath** use when the lights get turned off the the assistants fade away. Not much, as it turns out.

With a fairly simple beauty routine that focuses on self-love over a container of products, McGrath has unpacked her skin and make-up routines to ***Buzzfeed***, sharing the products that get her out of bed every morning. Including the cult favourite (but not for the faint of heart) Lotion P50 and a soothing bath oil, McGrath's mentality is all about "hydration, rest, and nourishment".

"On a day-to-day basis, I use a gentle cream cleanser and an oil-free moisturiser without fragrance or chemical additives. My personal skin care routine is driven by hydration, rest, and nourishment. I love, love, love Lotion P50 by Biologique Recherche, Soothing Bath Oil by ESPA and Revive Morning Bath & Shower Oil by Aromatherapy Associates. For dermatological moments, I visit the iconic Dr. Orentreich," she told *Buzzfeed*.
