8 women who know the secret to aging gracefully

Jane Wagman, 40

Co-owner of graphic design firm Sajedesign

On miniskirts: "I grew up in a fairly strict house and wasn't really able to express myself through fashion. So now I wear everything super short. And I will do that as long as I possibly can."

On her favorite outfit: "I hate to wear things you see coming and going. I prefer vintage clothes – like my yellow and orange 1960s Rudi Gernreich shift dress. I pair it with chunky jewelry."

On skin care: "I used to just wash my face and go. Then the aesthetician Aida Bicaj changed my skin. She told me to use Biologique Recherche Lait

Oxygenant VIP 02 Cleanser and Serum Yall 02 at home."

On downtime: "At this point in my life, I love to sleep and watch TV. We have two Tivos, and it's not enough. I watch *Gossip Girl*, *Desperate Housewives*, *Life on Mars*, *Top Chef*, and *The Real Housewives* of any city. I love it all."
