FASHION FORWARD

Biologique Recherche Facial
Sculpting at Sanctum Skincare
€138 – 100mins

Rachel Walsh comes from a background of traditional Chinese medicine alongside dermatology, which goes to make Sanctum a treat for both the body and mind. Her manner is highly efficient and she is thoroughly dedicated to her long list of A-list clients. She even proffers acupuncture where needed whilst administering her amazing facials. My skin looked like that of a 14-year-old as I left after 100 minutes of intense facial sculpting and a cloud that had hung above me drifted away shortly after leaving her intimate Temple Bar clinic.
